Rebus Story

It’s Story Time!

Can you complete the story?

You look at the pictures, fill in the words and complete the story. Then compare with the answers given at the end.

The  _____ smiled and shined brightly. It was summer.

The children played in a  _____.

It’s Story Time!

Hari drank  cold _____ and Maya drank _____.

The family decided to go to the  _____ in the evening. It will be cool then.

The Story

- The sun smiled and shined brightly. It was summer.
- The children played in a pool.
- Hari drank cold water and Maya drank juice.
- The family decided to go to the park in the evening. It will be cool then.

This is how you can write a rebus story with the help of pictures. You see the picture and connect the words so it makes sense.

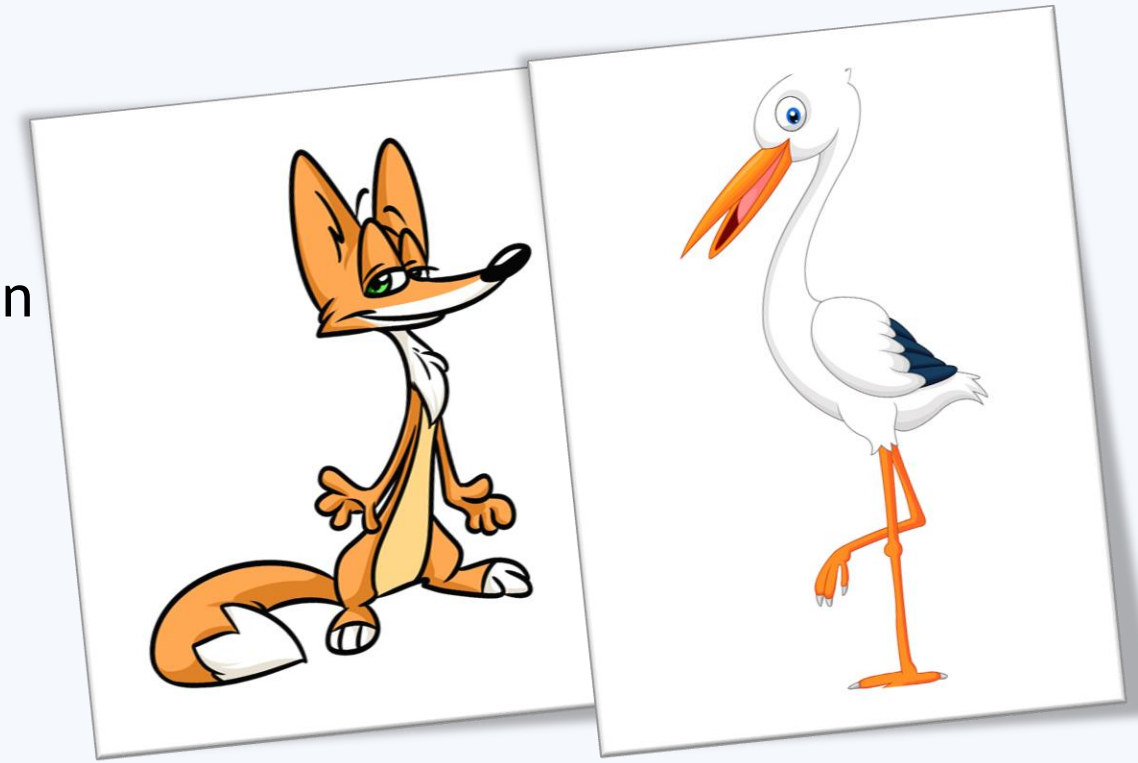
Let us try some more ways of writing stories.

Get Creative

Here is another story. Use your imagination and complete it.

There lived a stork and a fox. The selfish fox invited the stork for dinner, but he served the soup in a shallow bowl. The stork with his long beak could not drink the soup and had to remain hungry.

After the dinner, the stork said, ‘Thank you. Please come and have dinner with me tomorrow.’



What do you think the stork did to teach the fox a lesson? Write an ending for the story.

Weave a Story

- You can also build your own story by looking at any picture. Think!!!! What is there in the picture?
- Can you make up a story with the things you see?
- List some ideas and make short sentences to connect your ideas.
- Give a beginning.
- How does your story end?
